<p><b>Building understanding: Rationale / breakdown for your sequence of lessons:</b></p> <p>Students will have three English Language lessons a fortnight, separate to their English Literature lessons. This is so we can expose students to a range of unseen texts, developing both their reading skills and confidence with unseen texts. Additionally, providing students with a range of unseen texts on a variety of topics will help to develop students’ cultural capital.</p> <p>Language lessons are interleaved for all students. The lessons alternate between Paper 1 and Paper 2 reading and writing skills. This ensures that students are regularly visiting the different papers and the different skills consequently developing students’ retention and recall.</p> <p>The scheme of work also seeks to develop students’ cultural capital focusing on themes such as: space exploration, technology, sports and diversity.</p> <p>Year 11 is based on a question by question approach which consolidates students’ learning of skills in Years 9 and 10. This approach will also help to develop students’ understanding of the key skills and their confidence in applying them. Due to the way in which the lessons are interleaved the skills become more developed as the SoW continues thus providing a scaffolding approach, ensuring students develop a secure foundation before enhancing their skillset.</p>		
<p><b>Home – Learning:</b></p> <ul style="list-style-type: none"> <li>• Some home learning tasks are to be set centrally. This will include students redoing a Paper 2, Question 4 responding to teacher feedback and redoing another language question later on in the year. The question will be dependent on the needs of the overall cohort.</li> <li>• Teachers will also be setting home learning tasks in accordance to the needs of the students in their class and the learning that is taking place.</li> </ul>

<p><b>Numeracy:</b></p> <ul style="list-style-type: none"> <li>• Venn diagrams</li> <li>• Use of statistics</li> </ul>		
<p><b>Enrichment / opportunities to develop cultural capital (including careers, WRL and SMSC):</b></p> <p>Students will have ample opportunity to develop their cultural capital as they read and discuss topics such as space exploration, the entertainment industry, sports and humanitarian aid. They will also develop their SMSC skills through lessons which focus on topics regarding poverty and animal cruelty. The wide range of versatile topics will expand students’ knowledge, whilst also giving them an opportunity to develop their viewpoints and perspectives about topics present in their everyday life.</p>
