

Year 8 Geography

LEARNING JOURNEY

On to year 9!

End of
Year 8

Links to careers/SMSC/Personal Development

Geography skills and knowledge you gain can be used in almost every job sector. Geography supports spiritual development by promoting a sense of wonder and fascination with the physical and human world. The study of geography stimulates an interest in and a sense of wonder about places. It helps young people make sense of a complex and dynamically changing world.

Where is the Middle East located?

Tectonics,

Coastal regions support unique ecosystems.

The Dynamic Coastline

Area where land meets the
sea,

Autumn

Development

Start of
Year 8

Case Studies – Comparing Development

What Is Development?

Summary: Year 8 offers a well-organized and thorough way for students to study geography and global issues. It enables students to explore each topic deeply while also helping them develop important skills like critical thinking, research, and the ability to present their findings to others. Through this program, students will gain a deeper understanding of the world around them and become more skilled at solving complex problems and sharing their knowledge with confidence
