## KS3 learning summary

**In KS3 students will broadly explore the similarities and differences between the three major Abrahamic faiths and examine beliefs and teachings from the eastern religions of Hinduism and Buddhism. Students will be able to broadly develop their knowledge and understanding which will provide the foundation for further development in later units of year 7, 8 and 9. Students will be given the opportunity to revisit and improve their skills whilst applying them to a range of religious and non-religious worldviews.**
