

# FHS NEWS

APRIL 2023

## DANCE FESTIVAL 2023

Over 120 performers were on stage for the Dance Festival, hosted by Featherstone High School.

This was the first time the show had run since the pandemic and was the 19th year of the show. Our Featherstone dancers and comperes are pictured here. Well done to all the dancers from FHS, Chiswick School, Cardinal Wiseman, Featherstone Primary, Blair Peach Primary, St James's Primary, Lady Margaret Primary

and Clifton Primary. Thanks to Ms Hayes and The Performing Arts Department for running the show.

## AFTERNOON TEA

Nine Year 10 students were awarded the opportunity to have afternoon tea with the Headteacher, Mr Walters.

These students have shown incredible diligence towards their learning and have showcased the FHS values through their attendance to school, contributions in class, duties outside the classroom and their personalities. They

are always willing to learn new things and are trying to better themselves in preparation for their GCSE exams next year. A well deserving group of students – Well Done!

## STUDENTS BECOME TEACHERS!

Mrs Afzal and three Year 12 Chemistry students (Liya, Khatima and Amal) visited St. Mary's Church of England School in Norwood Green to deliver a science show to all pupils in assembly as part of British National Science Week.

They performed practicals such as flaming hands and hydrogen popping balloons that had all the primary school students in awe. St. Mary's Deputy Headteacher gave high praise to our students: "The children loved seeing

all the experiments! Please thank your lovely sixth formers for making our Science Week memorable"

## DRUMMING

Year 10 GCSE Music students took part in an inspiring Taiko Japanese Drumming workshop.

As part of their music studies the students draw on music from different cultures around the world.

## HOUSE WINNERS

Care House are the winners so far this year, with 4,440 points gained already!

A trophy with the purple Care House ribbon will be displayed until the end of the Summer Term.

# HEADTEACHER'S MESSAGE

## APRIL SHOWERS BRING MAY FLOWERS

Dear Parents & Carers,

The last term was wonderful in so many ways. We had thousands of classes, we had dozens of trips and visits; we had loads of sports fixtures and, overall, I am pleased to say, Featherstone High School goes on living up to its reputation as the school that never sleeps.

However, it has also been the wettest term in living memory. Now, I am not sure how to find the most accurate research on this but anecdotally it seemed to rain virtually every day. More than once, I have lamented the fact that water seemed to be constantly pouring out of the sky. On the one hand the pupils and students have shown themselves to be remarkably unaffected by this. I have chosen to speak to some of them who, when given the choice of standing

under cover or standing in the rain have chosen to put their hoods up and stay in the rain. Their conversations go on, if you will excuse the pun, undampened by the grey skies and English drizzle.

There are of course those who actively enjoy the rain. There are those who like pulling a coat on, or listening to the rain pattering on roof tops or the sense of a world washed clean.

Even I have to admit that the one real benefit of all this rain will hopefully be an absence of news articles in the summer telling us that the reservoirs are running dry. In other words, every cloud has a silver lining and the positive out of this rain will surely be a summer where we have enough water for whatever we choose to use it for – washing cars, filling paddling pools and watering the garden all of which become difficult under a hosepipe ban.

All our students may see a parallel here and particularly the exam classes who are currently working to be at their best when the public exams start just a few days into the summer term. The

hard work now may sometimes seem wearisome, just like the constant rain. It may lead to some students not feeling at their best. But here too there is a silver lining. The hard work will pay off. It will reap its own reward. And even better than the rain which may lead to one summer without a shortage of water, the exam results will last a lifetime.

Of course, there is a value in hard work and study for its own sake. It is not just about exams. Study is enlivening, ennobling and empowering. It can be enjoyed just for itself. Then again, so can a rainy day!

Good luck to all our students embarking on public exams. Your efforts will be rewarded so never, ever give up. We are here for you so let us know if you are finding anything difficult or if you could benefit from some help. All the very best and everyone at Featherstone can look forward to the summer term with real enthusiasm and optimism.

**Mr Walters, Headteacher**

## FROZEN TRIP FOR DRAMA STUDENTS

On Thursday 9th March, a group of 30 Year 7-10 students attended the magical and highly acclaimed, award-winning Disney production of 'Frozen', and it's fair to say they were blown away!

The students commented on the incredible special effects, stunning outfits, spectacular set design, singing, dancing and acting, saying they couldn't

understand how some of the effects were even possible! They sang along

to the songs and laughed along to the jokes. Tickets to this show are usually extremely expensive, and so it was such an incredible pleasure to be able to take our FHS students as a reward for doing well in Drama, and enable them to enjoy such a special treat! Thank you to all the students who we were told that they displayed 'impeccable' behaviour by a member of the public. Thanks also to the staff who supported the trip.

## DRAMA WORKSHOP

A group of 19 Year 10 Drama students attended a workshop at Regent Street Cinema, as part of the University of Westminster's project entitled 'How can theatre change the world?'

It explored performances made to highlight issues in society, such as racism, and how we can create more inclusive and accessible theatre. The students took part in an acting workshop exploring status and power

in a duologue scene, with professional actors from the Globe and National theatres and students from another school. They performed on the stage with students from the other school to excellent feedback from the professionals!

Adin Malik said, 'It was a very interesting experience as it reminded us about how we should be open minded and ensure theatre is accessible for all. It also highlighted the importance and impact of art and how our contexts and

issues surrounding our world can be highlighted to others.' We look forward to continuing our relationship with the University of Westminster in further projects. Thanks to Michael Smart for giving up his time to support the trip.

# UNIVERSITY: RARE DISEASE DAY

**T**en Year 12 students studying A-level Biology and Applied Science attended the annual Rare Disease Day event at Royal Holloway University.

Rare Disease Day is an international day celebrated in over 100 countries to raise awareness about rare diseases and their impact on people affected and their families.

The students attended lectures delivered by scientists leading the research on rare diseases such as Ehlers-Danlos

Syndrome and Duchenne muscular dystrophy. The event also included a lab activity, an exhibition and a “speed dating” round where students met and spoke with various organisations involved in researching rare diseases.

# OLD VIC: TAKE THE LEAD

**S**ixty students from Year 12 have once again taken part in the ‘Take the Lead’ programme from the Old Vic Theatre.

During two visits to the European headquarters of the Royal Bank of Canada and two workshops in school with professionals from the Old Vic, students learnt how to develop employability skills. The programme also included a visit to watch the critically acclaimed ‘*Sylvia*’ starring Beverley

Knight at the Old Vic. Joravar Viridi (12CYP) describes the programme as “interesting, exciting and fun. It is very interactive and helpful in terms of how people are able to use a variety of important skills in the real world”

# YOUNG ENTERPRISE

**O**ur Year 12 Young Enterprise company did incredibly well at the Regional Competition held at the University of West London.

They took part in an interview with a panel of judges and presented their product to an auditorium full of other companies from various schools, winning 3 awards. They are now finalists for the area final taking place in London on 27th April.

# WICKED!

**T**wenty-eight Featherstone Music Students attended a trip to see the musical Wicked. An amazing experience for all involved.

# ENCORE MUSIC!

**H**ead to our Instagram account to listen to our fantastic music entry to the Encore Ealing Competition last term.

The team won awards for “Best Rehearsed and Best Technical Performance” plus £150 for our Music

Department. The judges commented that the students, “Belong on the West End stage!” Well done

# COOKING UP A STORM

As part of our on-going project with Belazu Cooking Sauces, we held a competition to create a new sauce that might be chosen to be manufactured and sold in supermarkets!

Students Tamyra and Izza created a spicy paste that was voted the most tasty by students and staff. Previously, the students had been able to

visit the factory to get some inspiration. We will keep you posted on their progress!

# PERFORMANCE WORKSHOPS

During February, 100 Year 8 students took part in a series of drama workshops, exploring different elements of performance.

Students studied how to safely use stage combat, learnt contemporary acting styles and how to act for a camera. Nikita said, 'I really liked it, and it showed us how much hard work it

takes to perform, especially acting for camera. It showed how much it takes to put together all the shots. It made me really keen to do Drama at GCSE.' We are really grateful to Mousetrap Theatre Projects for choosing us to take part in this again. The students also had valuable insights into the world of theatre practitioners and careers in theatre as part of the day.

# ORACY COMPETITION

Featherstone High hosted a regional final for 'Performing Shakespeare' and welcomed a variety of dazzling performances of monologues and duologues from 9 other participating schools.

Their performances started off by focusing on oracy skills and presentation skills, after which they acted out scenes from their chosen Shakespeare play. The judges were delighted at the wide array of performances that were both entertaining, humorous and serious. Nabila Yusuf was the MC and did a fantastic job in introducing each new guest before they presented their scene on stage. Sujee Piratheepan presented a powerful and moving scene from 'Merchant of Venice' and Soniya Malhotra entertained us with a scene

from 'Midsummer Night's Dream'. It was a great opportunity for our students to develop links with other schools and there was a great camaraderie and buzz in the atmosphere as students watched the performances and were given helpful feedback from the judges at the end.

# BRITISH MUSEUM

Year 11 Art students visited the British Museum as part of their Exam coursework.

A great day out, building on our students' cultural capital for the future.

# BACK TO THE FUTURE

On Thursday 23rd March, a group of 47 Year 8, 9 and 10 students attended the amazing production of Back to the Future, and boy, did it amaze!

Rihana Fernandes and Guneet Viridi had these words to say about it. Rihana said, 'The show was highly entertaining and all the students loved it! By watching the play, we have seen the skills we have learnt in drama widen our ideas about acting. We would love to attend another one!' Guneet said, 'It was breathtaking! All the special effects, the actors, their talents and the amount of time and creativity that was put into it was astonishing. We sat on rows C, D and E - we were so close to the stage, the actors waved directly at us! This was by far my favourite trip.'

# WHAT DO PARENTS THINK OF FHS?

Parent and School Governor, Mrs. Ali tells us what she thinks of our school:

"Featherstone High School is a remarkable school and it really focuses on each student as an individual. All staff are very supportive and determined to see each child succeed in their GCSEs. As a parent governor I have had an insight into how the Headteacher and teachers are creating new innovative ideas to really focus on all areas of the academic year groups and the results speak volumes. We have many events, career workshops, and external activities which take place in school every year which our pupils very much enjoy. We are continuously celebrating successes and individual achievements of our pupils. My kids have praised their teachers for their hard work, enthusiasm, and encouragement which has really made it an enjoyable experience for them"

# CHILD PROTECTION & SAFEGUARDING

Every child has the right to grow up in a caring and safe environment. However, some children live in families that are having a difficult time and cannot cope with their problems, whilst others are deliberately hurt or neglected by adults around them. The council's children and families department has a responsibility to safeguard and promote the welfare and safety of children in need in the borough. They aim to work with families where possible in order to do this.

## KEEPING YOUR CHILD SAFE ONLINE & BEYOND

It's never easy to know how to keep our children safe when they aren't with us, and sometimes even when they are, if we don't know what's happening in their lives or on their devices!

Who are they talking to? What are they doing? Are they okay? Don't despair though... click the website to the right, scroll through this page for help or click a button to go straight to a particular topic for information and advice.

[www.parentsafe.lgfl.net](http://www.parentsafe.lgfl.net)

## Safeguarding & Child Protection

PARENTS

### Safeguarding is everyone's responsibility at Featherstone High School

The Designated Safeguarding Lead (DSL) is Mr Noel, Senior Assistant Headteacher. The DSL has a legal responsibility to deal with safeguarding and child protection matters related to all students, providing advice and support to staff, liaising with the Local Authority, and working with a range of other agencies. There are seven Deputy DSLs who support Mr Noel to carry out these responsibilities. If we have concerns regarding the welfare of your child we will contact you. In some cases we will contact children social services and/or the police directly if we feel that your child is at risk of harm.

The overarching objective of our safeguarding strategy is to prevent children from being harmed or, where harm does occur, to protect the child from further harm.

A copy of the school's Safeguarding policy is available for you read in the school's reception or on our website.

**The Designated Safeguarding Lead (DSL) is:

# SPELLING BEE!

Our most recent house competition was a Spelling Bee! Students eagerly gathered in their Houses to compete in this highly competitive & fun event.

Respect House took home the win after a final spelling battle with Care House! Well done to all the students and staff who organised this great event!

# CODING CHALLENGE

We participated in the Reply Teen Coding Challenge which took place on the 9th of March for 4 hours!

The team was:

- Harman (12 Aspen);
- Namanveer (12 Sycamore);
- Harkiran (12 Cypress)

They placed our school in the top 1% in

the competition which was 13th place out of 829. Congratulations!

Have a look at the leaderboard below, it updates each 10 minutes.

Rank	Team	School	Points
11	IS Pascal Comandini - sede ITT 'Blaise Pascal'		13,790 pts
12	The British International School, Budapest		13,100 pts
13	FHS Featherstone High School		12,800 pts
14	Second Gymnasium		12,490 pts

# THE POWER OF HAIR

We welcomed performance poet Adisa, who delivered a workshop called "The Power of Hair".

In conjunction with the Ideas Foundation and Pantene, Adisa worked with our Year 8s to help end hair discrimination and inspire a new generation of hair confidence. A very entertaining and thought provoking session. Thanks Adisa.

# PI DAY

Which day can you be irrational? Yes it's  $\pi$  day in the Maths Department.

Students took part in fun activities to celebrate this important concept. How many digits can you remember... 3.14159...?

# DRAMA EXAMS

On the 29th March, 27 Year 11 Drama students performed in their final GCSE performances to an external examiner.

These were performances from a script, and the students have been working exceptionally hard to ensure they have learnt their lines, understood their characters and their motivations, and figured out how to use the stage to communicate the relationships between characters. They had to perform 2 extracts each, and we also had some students operating lighting and doing costume design! This is worth 20% of their final GCSE grade, and we are so proud of them for working hard to overcome their worries about learning all their scripts. Well done, Year 11!

# COMIC RELIEF

Well done to our Sixth Formers who ran a bake and merchandise sale for Comic Relief.

Staff commented on how kind and patient the team were with younger students, helping them count change and choose their cakes. Well done

@FeatherstoneHS

@featherstonehighschool

@featherstonehigh

# FHS LIBRARY NEWS

The Wonderful World of Words Festival 2023 ran throughout March, with a whole month of special events and activities celebrating our love of books, words and reading.

Follow us on Instagram:  
[@featherstonelibrary](https://www.instagram.com/featherstonelibrary)

## WORLD BOOK DAY

We celebrated World Book Day at FHS with lots of reading.

Year 7 and Year 8 students took part in the annual Read for Good event and raised £525 for books and stories for children in hospital. Well done to 8 Acacia who raised an amazing £125!

Lots of staff members joined in the fun by dressing up as characters from books.

## COMPETITION WINNERS

Lots of students enjoyed entering the Wonderful World of Words Competitions.

This included the Read Like a Scientist research quiz (Winners Rayyan Shah and Mehreen Khanam).

Students were challenged to write a letter to Mr Walters explaining what they think Featherstone will be like in the future.

Some imagined AI, Virtual Reality, robot or alien teachers, anti-gravity books, and new subjects, while others predicted an eco-school with solar panels, animals and nature.

Winner Suvethiga (8CYP), 2nd Zuhra (7LDN), 3rd Haylee (7ACA).

Special mention also goes to Sukhmani (8ACA) and Shaan in (7ACA)

The winning Design a Book Token competition is pictured here.

Well done to Harleen (8LDN)

## BATTLE OF THE BOOKS!

Some brave students volunteered to tell us about their favourite book and why they love it so much.

The audience voted for the best presentation and the winner was Mohammed Shahzad who talked about Dogman. Khalid Salih was runner-up with Harry Potter.

## AUTHOR VISIT

Author Sara Grant paid a return visit to Featherstone and talked to Year 7 students about where she gets ideas and how she creates the characters and settings for her stories.

There was also a reward workshop session for the student librarians who had the chance to start writing their own stories.

## WORLD POETRY DAY

World Poetry Day was celebrated in the Library with a display of books and some fun activities to get everyone rhyming and creating their own shape and acrostic poems.

## WORD WALL

We collected amazing and unusual words from staff and created a Wonderful Word Wall.

Students could take the Dictionary Challenge to look up definitions and expand their vocabulary!

# NFL GIRLS FLAG FOOTBALL

**T**welve girls from Featherstone were selected to represent the school in the inaugural NFL girls' flag football championship.

Our team will be representing the New York Jets, whereas other schools will be competing for the Chicago Bears, in what is the first NFL girls' flag competition in the UK!

The girls have attended two sessions where they've learnt the essential skills and rules to be successful in the game of NFL flag, and they're loving it. They were also lucky enough to meet two of the NFL's star players, Chase Claypool (Chicago Bears wide receiver) and C.J. Uzomah (New York Jets tight end) who helped get the girls engaged and involved in their very first session. UK rugby stars Ugo Monye and Celia Quansah were also present, to inspire the girls and share their wisdom.

At the start of the summer term the girls will start training and compete in fixtures against the other teams, and they hope to win the overall championship!

## FOOTBALL

### YEAR 10 BOYS FOOTBALL

**M**essage from our captain Ahmed and goal keeper Armaan:

The Year 10 football team has made a massive improvement since January. Their training has made a better impact individually and as a team, increasing players' chemistry and their weak points. This was achieved by the team and our coach (Mr Oktay). Although we have lost both games, (Alec Reed, Greenford High School) the team have learnt from their mistakes and are improving on them, to come back stronger.

### YEAR 7 FOOTBALL

**H**ello, My name is Samuel Watson and I am the captain of the Year 7 School football team.

This season we have had some ups and downs. We lost our first 2 matches but drew the last 2. The team were upset that we didn't get more matches to redeem ourselves but they were happy that we didn't lose all of them. As it has come to the end of the season we are happy with our progress and hopefully - if it is the same team - we can do better next year.

## BASKETBALL FIXTURE

### YEAR 9 AND 10 V GREENFORD HIGH SCHOOL

**G**irls Basketball Club started in September for Year 7, 8, 9 and 10.

They have been training very hard every Friday after school. The Year 9s

and 10s had their first ever basketball fixture against Greenford. They played a fantastic game, narrowly being defeated by the opposition. However, they made a fantastic comeback in the second half.

# FHS NETBALL SQUAD

## YEAR 7 NETBALL

The girls have had a successful Netball season, winning 4 out of the 6 games they played.

The two losses were against Cardinal Wiseman and Greenford - both challenging games, yet the girls gave it their all and competed right until the end of the last quarter! The team has shown massive improvement over the course of the season, and are excited to come back bigger and better in Year 8!

## FOOTBALL

### YEAR 8 FOOTBALL

The Year 8s have really excelled themselves last term in football.

The players have learnt their new positions and have tried extremely hard to apply themselves to a variety of different strategies that have been employed in a variety of different fixtures.

The goalkeepers have all improved their catching and the defenders have improved their tackling, the strikers have all improved their shooting accuracy.

We lost the games we played but the positives to be taken were that we were still in all the games at half time.

Looking ahead to next year it will be important to try to get the players to get forward more into attacking areas to score more goals.

## YEAR 8 NETBALL

The Year 8 Netball team have had a good season, they have changed their team and have been able to show a good level of competitiveness against some really great schools.

Due to the team coming second in the league last year, they were put up into the higher league this year. They showed great performances against William Perkin and Ellen Wilkinson.

With lots of determination put into every match, they then went to the tournament and played very well together showing lots of the of the FHS Values. They got victories against Ellen Wilkinson, Brentside, Ealing Fields and Villers. They are looking forward to a break and then picking back up in September.

## YEAR 10 NETBALL

Hi my name is Allene, this year has been crazy!

We've been through a lot as a team, played quite a few matches and have proudly won most of them. As the captain I'm proud to say my team have come a long way and improved incredibly from where we started. When we are competing we always show we want to win, and love to compete for the ball which shows our deep determination and resilience for netball. We have showed lots of resilience and partnership through our games and our training sessions which gave us lots of opportunity to practise our skills. The rest of the season continued with this positive theme as through the FHS values of partnership and respect we have achieved our goal which is to not only win but to also enjoy ourselves and have fun. Thank you.

## SLQ SPORTS LEADERS

The Year 9 & 10 sport leaders held a Year 7 & 8 girls' basketball tournament on the 17th of March.

The sport leaders completed online modules and organised the event to encourage Year 7 and 8 girls to participate in physical activity.

CARE

# OPEN DOOR CONSTRUCTION WEEK

As part of the Open Door Construction Week, eight 6th Form students visited the Green Quarter in Southall to find out about the regeneration taking place in the heart of our community and to discover more about the range of careers the industry offers.

Commenting on the visit, Gaurav Dadi (13OAK) said it "had been very informative as both a local resident, and as a young individual looking for employment". Detail provided about the different phases of development, when to expect the regeneration project to be completed, and how a person like myself could be involved was helpful in

informing us how to enter and develop a career in construction". Ismaeel Wajid (13ACA) said he "took part in the Green

Quarter visit to learn how the project came to fruition and how it has been developed thus far"

## MENTORING

Connect mentoring gave me the opportunity to learn more about my own aspirations and how to tackle the obstacles that came with it.

This was because of my amazing mentor that I was paired up with who helped me not only set goals for myself but also achieve them. I felt as though I finally set up a routine for myself that I was able to follow and work around with all the revision I needed to do. We built a great relationship with trust and reliance which made it easier for my mentor to push me to set myself tasks that I would not have done on my own. She shared her experiences and came up with very balanced perspectives. Overall, I really enjoyed taking part in this programme organised by Spark and would recommend young individuals that need a push to consider getting involved too.

By Nivethitha, Year12

## DISCOVER YOUR VOICE

Year 7s enjoyed a whole day 'Discover your Voice' workshop to develop their oracy skills.

In the morning they were introduced to debating skills and encouraged to: justify their ideas with reasons; asked questions to check their understanding; negotiate; evaluate and build on the ideas of others; and select the appropriate register for effective communication.

Towards the end of the day they participated in a range of fun games and activities such as Zombie

Apocalypse, Balloon debate and the 'condensing machine' that have been designed to enhance their debating and communication skills.

## TERM DATES FOR PARENTS

May Day Bank Holiday: Monday  
1st May 2023

Extra Bank holiday for the  
Coronation of King Charles III:  
Monday 8th May 2023

Half Term: Monday 29th May to  
Friday 2nd June 2023

End of term: Friday 21st July 2023

Summer Holiday: Monday 23rd  
July to Friday 1st September 2023

## NCS EXPERIENCES

National Citizen Service (NCS) helps 15-17 year olds build skills for work and life by taking part in new

challenges and meeting new people, gaining confidence and independence along the way. Click the link below to find out more:

# PARENTS: INTRODUCING CLASS CHARTS

From **Tuesday 2nd May 2023** we will be using Class Charts to communicate with all parent and carers.

You will be able to use Class Charts to keep track of your child's behaviour, view attendance records, access their weekly timetable, view assigned homework tasks and view announcements from the school.

Detentions will not be visible on Class Charts at present; however this will be added later in the year.

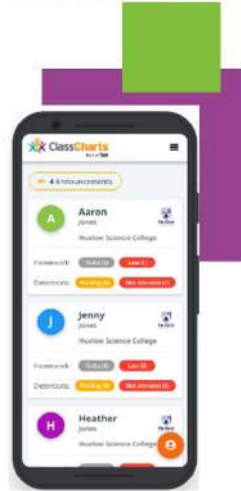

If you have more than one child, you can access Class Charts information about your children from a single, centralised parent account.

Class Charts for parents can be accessed via our website, or through iOS and Android apps.

You will receive a parent code from Class Charts which will look like the example code shown on the left. This code is used to set up your Class Charts parent account. [Please refer to this guide](#) for parents for further help on how to set up your account and use the app.

**ABC123**

Your child will be able to access Class Charts via a student app. This information will be shared with students in school.
