## MESSAGE FROM OUR HEADTEACHER

Featherstone High School is a warm and hardworking community striving for excellence in all we do. We aim for all children to finish school having maximised their academic progress but also to have really enjoyed their time with us and to leave with the happiest memories. We want them to go into the world full of self-esteem and full of confidence in themselves and their own abilities. We also want them to be equipped to follow their dreams, ambitions and passions. We are proud of our success. Whatever the criteria: academic, social and personal, creative or sporting, this is an exceptional school.

Our school motto "Together We Achieve" emphasises the importance of partnership in our success. We know that we are working in partnership with the families of the children and we ensure that parents are kept fully informed of students' progress and achievement to facilitate this crucial relationship.

Year on year, our students achieve excellent GCSE results, and we are regularly placed in the top 5% of schools in the country for the progress we make. Featherstone Sixth Form students

also make excellent progress here. This exceptional performance has allowed increasing numbers of students to secure places at university for medicine and dentistry as well as going on to attend some of the top universities in the country including the Russell Group and Oxford and Cambridge.

**I look forward to welcoming you to our school.**

A handwritten signature in black ink, which appears to read "Nathan Walters".

**Mr Nathan Walters, Headteacher**

*"We have high aspirations for all our students and encourage them to follow their dreams and achieve their goals."*

## TEACHING & LEARNING

At the heart of our school is a commitment to excellence in teaching and learning. We deliver high quality, engaging lessons that inspire curiosity, nurture ambition and enable every student to achieve outstanding academic success.

Our dedicated and inspirational teachers are experts in their fields and are passionate about bringing learning to life. Every student is challenged and supported to reach their full potential, with achievements recognised and celebrated at every stage.

## ENGLISH & MATHS

We pride ourselves on our strong academic foundations in English and Maths. Literacy and numeracy are at the core of everything we do, underpinning success across all subjects.

A love of reading is cultivated through dynamic lessons, well-resourced libraries and a welcoming reading room. In Maths, we go beyond procedures by developing deep understanding, confidence and problem-solving skills that prepare students for the future.

## SCIENCE

Science thrives at our school, with high student engagement and excellent outcomes. Many of our students continue their studies through GCSEs to A Levels and on to leading universities.

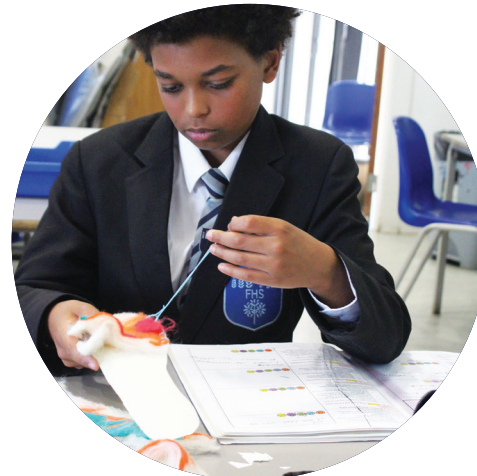

Our expert teachers provide clear pathways into careers such as medicine, dentistry and pharmacy. Enrichment opportunities, including our annual Science Week led by external specialists, bring the subject to life and inspire future scientists.

## FACILITIES

Our outstanding facilities provide an exceptional learning environment. Students benefit from fourteen fully equipped science laboratories, specialist art rooms, drama studios and music suites with professional grade technology.

Two vibrant libraries offer inspiring spaces for study and reflection. Our award-winning Sports Centre features a large sports hall, a fitness suite, an astro turf and a MUGA, alongside a dance studio and a professional climbing wall, ensuring every student can pursue their passions.

## TECHNOLOGY

Technology is seamlessly integrated into everyday learning. Every student has access to a laptop at school, enabling collaboration, creativity and independent study.

Our school has multiple computer suites, interactive whiteboards in every classroom and a fully equipped Learning Resource Centre. Students can continue their learning at home through extensive online platforms, while Sixth Form students benefit from their own Chromebook.

Parents are also connected through our digital systems, allowing them to easily track progress and stay in touch with the school.

## ENRICHMENT

Learning extends far beyond the classroom. We offer a rich programme of extra-curricular activities, from sports and performing arts to clubs and national initiatives such as the Duke of Edinburgh's Award. Students also have the opportunity to join their year group Community Ambassador programme, where they can take part in volunteering initiatives and acts of kindness that make a positive difference to the school community.

Students regularly compete at borough and county level, while trips across the UK and abroad broaden horizons. A vibrant calendar of exhibitions, productions, concerts and events ensures every student can discover and develop their talents.

## SUPPORTING STUDENTS

We are committed to knowing every student as an individual. Our dedicated year teams provide exceptional pastoral care, ensuring students feel supported, valued and confident.

We identify and respond to individual needs early, offering tailored support through skilled teaching assistants and learning mentors. Our comprehensive careers programme prepares students for the future, while strong safeguarding ensures a safe and respectful environment where all can thrive.

## SIXTH FORM

Our Sixth Form is recognised for its academic excellence and breadth of opportunity. Students can choose from a wide range of A Level and BTEC courses, supported by expert teaching and guidance.

Our dedicated Sixth Form building provides modern study and social spaces, while an extensive enrichment programme, including university visits, work experience and community projects, develops independence and leadership.

Our Scholars programme supports applications to top universities and competitive apprenticeships, with over 90% of students progressing to higher education, training or employment.

Together We Achieve
